Crimeguard Security have over 40 years experience in the industry, providing security solutions for some of the UK's premier companies. Our aim has always been to provide the highest level of security services at a great price, from our commercial CCTV installation and monitoring service through to our highly trained specialist K9 units used in our guard dog and mobile patrol services for businesses nationwide.

CCTV Systems

- ✓ Prevent theft and vandalism
- ✓ Modern CCTV technology
- ✓ Remote security systems

CCTV systems can range from one static camera viewed on a screen to a full PTZ (Pan, Tilt and Zoom) digitally recorded CCTV security system, with a 24/7 manned CCTV monitoring station that receive instant on-site activations and information relayed from the on-site sensors, enabling faster response times.

Our experience with commercial CCTV solutions make Crimeguard the leading choice for CCTV installation in our area. We provide professional installation of internal and external security cameras.

Commercial Keyholding

- ✓ Experienced Security Company
- ✓ Remove unnecessary & expensive lock changes
- ✓ Quick response

We are able to safely hold any keys for your premises. Allowing us to securely store your keys means that you are never put in the situation of lost keys or not being able to gain access. We can be at your premises quickly to resolve any issues, allowing your business to run smoothly and hassle free. Keyholding also lets us gain access to your premises when it's not possible for you to be around.

Drone Security

- ✓ Cost effective security
- ✓ Greater coverage
- ✓ Rapid response security teams

Providing 24/7 manned security patrols can be an expensive business. Let Crimeguard introduce you to a new method as an alternative, whilst still delivering a first class security solution.

Security drones are extremely mobile and maneuverable pieces of kit, allowing them to capture footage from almost infinite vantage points. This is particularly useful for security as it allows them to capture high-quality footage across the entire site. Drones can also capture footage from much higher position, which gives an unbeatable perspective of the site and what's happening on it.

Mobile Patrols

- ✓ Random and scheduled patrols
- ✓ Fully trained and licensed
- ✓ Significantly reduces crime

Many properties need regular checks. Mobile patrols are performed to ensure that your premises are safe and secure, also acting as a deterrent to crime and vandalism. Our highly trained supervisors will attend your premises at the times designated by yourself or at random intervals to carry out a patrol, monitoring and recording any unusual activity on site.

Site Security

- ✓ Experienced site security
- ✓ CCTV systems, manned guarding and K9 units
- ✓ Protecting on-site equipment

Construction sites are filled with expensive, high value equipment and materials, making them the perfect target for criminal activity. Whether your premises is a building, industrial or commercial site, we offer full time mobile patrol options to suit your security requirements. As well as a physical presence, we also offer security systems to monitor your site at all times. These systems include CCTV, motion detectors and alarms.

Guard Dog Security

- ✓ Trained and licensed dog handlers
- ✓ Passive and pro-active drug dog teams
- ✓ Effective crime deterrent

Crimeguard have an expert team of professionally trained and licensed dog handlers, providing excellent guard dog security. Security dogs are very effective in carrying out patrols around the premises in which you require to be secure, canines provide a high-quality security solution and deterrent. With their enhanced senses and excellent awareness, they are able to smell, hear or see intruders or hidden persons.
